### Steps

#### 1. Make an appointment

Please make an appointment at a medical institution to receive your examination. Every year, September is crowded and there is a possibility that you will not be able to make an appointment. See a doctor as soon as possible.

#### 2. Medical consultation

Please bring these 3 items.  
• **Insurance card**  
• **Consultation ticket**  
• **Checkup fee**

You may not be able to see a doctor if you forget any of the items.

#### 3. Get result

Your doctor will explain the results directly to you. Please note that your results can not be returned by mail.

It's a good idea to get a checkup even if you are currently receiving treatment. Abnormalities, other than diseases, that are being examined at the hospital are often found during medical examinations.
